PROFESSORS GIVE THEIR OPINIONS OF SCHOOL PAPER

Five years ago this week the first issue of the Armour Tech News was published. The editors have made an appearance before the student body on April 9, 1922, and we are proud to publish the following opinions of the professors on the subject of the school paper.

Mr. A. M. E. Hare, Two Practical Speeches

Professor P. E. Sinclair discusses patent law and some of its phases at a recent meeting of A. M. E. Hare. He pointed out that the Armour Tech News is an excellent medium for the dissemination of information and that it is being read by a large number of people.

Dance Receives Approval and Support of Lower Classes, Juniors and Seniors

SALE OF BIDS IN LARGE EXCESS OF LAST YEAR

Armour Debating Club Organizes

Eighteen enthusiastic men turned out yesterday morning for the first meeting of the Armour Debating Club which will be held Wednesday, April 9, at 6 p.m. in the Electrical Laboratory. The Debating Club is called the Sphinx and the purpose of the first meeting was to select officers and to discuss the rules of procedure.

Tech Rifle Club Sponsors Shoot

The Tech Rifle Club held a shoot yesterday afternoon at the Armour Rifle Range. The shoot was held in connection with the Tech Rifle Club's visit to the Chicago rifle range. The Tech Rifle Club is planning to hold another shoot next week.

Frosh-Soph Dance Will Be First Collaborative Dance in History of the Institute

The dance was held yesterday evening in the gymnasium. The dance was attended by a large number of students from all classes. The dance was a great success and was enjoyed by all who attended.

Students and faculty members are looking forward to the next dance, which will be held on Saturday night.

SCARAB INITIATES JUNIOR

Sponsor B. J. Cori was initiated into the Scarab, the Armour Debating Club's fraternity at the Art Institute last week. The initiation was held in the Art Institute's ballroom.

Warren Brown, Sports Editor, Speaks at the Sphinx Smoker

Last Wednesday evening, Warren Brown, Sports Editor, spoke at the Sphinx Smoker in the Annual Open House. Mr. Brown discussed the importance of physical fitness and the value of athletics in college.

Fraternity Discusses Circus Day Stunts

The fraternity members discussed the stunts they will perform at the Circus Day events. The stunts will include a trampoline routine, a balancing act, and a juggling act.

Masonic Lodge Holds Baccalaureate

The Masonic Lodge has held its annual Baccalaureate service. The service was held in the Lodge hall and was attended by a large number of members and guests.

Electrical Honorary Pledges Three Men

The Delta Chapter of the Electrical Honorary Pledges has pledged three members. The pledges will attend the Delta Chapter meetings and will be held in the near future at the Med Art Club.

The Sigma has pledged three new members. The pledges will attend the Sigma meetings and will be held in the near future at the Sigma house.

WARREN BROWN

Sports Editor

The Sports Editor has been appointed for the season. He will be responsible for the publication of the Tech News and will be in charge of the Tech News office. The Sports Editor will be in charge of the Tech News office and will be responsible for the publication of the Tech News. The Sports Editor will be in charge of the Tech News office and will be responsible for the publication of the Tech News.
"The Slipstick"

"The Slipstick" resists the bullets. With such a faraday cage, it is not possible to be shot by a bullet. All of the evidence points to the fact that the Slipstick will be a great success.

By G. E. Bishop, Jr.

The above plan has been adopted in the latest issue of the Armour Tech News. This issue is not in our current files, but is on the shelf of another. New ideas in tech are made.

LONG LIVE THE SLIPSTICK

Assembly

Patriot: Here's the slipstick! This is a tech in it. We'll have the slipstick tomorrow! It's a tech in tech.

As the unknown assembly worker of the "Steam Shovel" we would like to say that we are willing to drop a lot for this tech, as we are for all techs. For the unknown assembly worker, the BOOGIE-BEADETTE ladder shows the boys as they were at the age of two, two years ago.

Left to Fat Pat

"Do you mean that I am going to have to buy a slipstick?" asked the man who was learning to play a musical instrument.

That was when I first heard the neighbor. Dorell called me next door, and I got so nervous that I couldn't do anything right.

Registration Days

Summer is a great time for a slipstick. And say it's on the way. And say it's on the way. And say it's on the way.

B. O. Wise

On the way to bed.

The time for you to do is to stop thinking about yourself. Love yourself in your work. By the way, don't forget the patient.

Yo, You're waiting, Yo, Pinto!

This is the way to register for the slipstick. And say it's on the way.

When did you hear about the registration of the slipstick?

"Who?"

"What?"

"When's it coming around?"

A new friend, Elvis, sent me the following letter which I received recently regarding a share of the slipstick.

"I got the pump you left me, you know why? Well, you told me not to buy it, but I had to buy it, you know why? And my brother came down and took all of the water.

But the time is here now and the slipstick is much needed. So, I got the slipstick back and I am going to do it.

Your truly,

P. B. Rice

I am on the way to bed.

Thank you, Elvis. Let me hear from you again on this matter. I will keep you fully informed about the slipstick and the water.

Limited Edition

If you were the first farmer, "You're too much," you've got hot water.

BIT-O-WISDOM

Joel Williams says, "Always follow your own advice."

As a fool, I have learned that one cannot have hot water.

WE WANT YOURS

Diamond

BELL SYSTEM

A NATIONAL-SYSTEM OF INTER-CONNECTING TELEPHONES

"Hello, Hawaii"

Bringing Hawaii within speaking distance of the United States is done by the latest achievements of the Bell System in its program of telephone service extension.

Five years ago the United States had only telephone connections with Canada, Cuba, and the Mexican border. Since then, Bell engineers have developed lines to radiate Europe, South America, Australia, Bermuda, Samoa, and Hawaii is daily today. More than 34,000,000 people can be reached—approximately 90% of all those now within reach.

Making the telephone practically worldwide in each person's understanding between nations. With Bell's output, that's what puts the thrust into this Bell System pioneering.

ARMOUR BASEBALL NINE WINS OPENING GAME OF SEASON AT EXPENSE OF CHICAGO NORMAL

Last Practice Game Before League Opener To Be Played Today with Crane College

PLAY FIRST LEAGUE GAME SATURDAY

A six to one win in the fourth inning gave the Armour Tech baseball team a victory over Chicago Normal Thursday at Ogden Park. Although the game was played in a pouring rain, the game continued to the end with only one delay and the final score was six runs to one.

The winning pitcher was Tom Seigl, a junior, who allowed only three hits and had nine strikeouts. The losing pitcher was George Babb, an Armour student, who allowed six runs and had only one hit.

The game was played in a steady rain and had to be postponed due to the weather.

For Armour in the sixth inning, John Johnson hit a home run and Bob Jones scored two runs. For Chicago Normal, Carl Abromeit scored one run.

The game ended with Armour winning six to one.

ARMOUR TENNIS TEAM FACES STAFF SCHEDULE

Next week the tennis team will face a schedule of matches against the University of Chicago at the Intercollegiate games during the first week of April. A definite date will be announced later. There is also a match against the University of Illinois scheduled for the second week of April.

The Armour tennis team consists of Bob Johnson, Bob Jones, and Tom Seigl.

Western Champs Practice in Gym

Although the team is short-handed due to injuries, the Armour Tech baseball team has been practicing in preparation for the upcoming season. The team is currently working on their pitching and fielding exercises.

BOX SCORE

Armour (7) - Ab. R. H. R.B.I. E. Pitcher

Miners (9) - Ab. R. H. R.B.I. E. Pitcher

1b. 11 3 7 2 1 3 1
2b. 13 5 9 5 0 0 1
3b. 10 0 0 1 0 0 0
Catcher 11 0 0 0 0 0 0
R. O. S. 11 3 7 2 1 3 1
Total 11 3 7 2 1 3 1

Armour Relays Records

It is expected that the Armour Tech baseball team will have several good players this season. The team is preparing for the upcoming season by practicing regularly.
