Heifetz First ATS Head; Blake New EIC

In the selection of December 14 and the resignation of the President of the Associated Students of Tech Students President and Steven Fox was elected President-elect.

Heifetz, an 8th semester ESE student, has a long "enthusiastic" record. Besides running on the varsity cross country team for a year, he has served as Treasurer and President of his fraternity, APK. During last semester when ITS was in danger, he served as ITS Treasurer, and was the only elected officer to remain. He then helped to establish the new student government constitution (the ATS). Heifetz was selected as the best student in the freshman class.

The selection of the first ATS is Heifetz's immediate goal. According to the new President, "The Assembly is a free system. Anyone who wants to be represents a free system. A representative will now represent 60 members of the student body. The new ATS Assembly will have a more positive reaction as far as the students are concerned."

Heifetz, student government president, would like to see the executive committee work more closely with the administration. He would like to see more meetings among the executive committee and the administration. He would like to see a better idea of how the student government works. He would like to see the executive committee work more closely with the administration. He would like to see a better idea of how the student government works. He would like to see the executive committee work more closely with the administration. He would like to see a better idea of how the student government works.

Heifetz did not want to make some students feel inferior about being elected to the executive committee. He would like to see the executive committee work more closely with the administration. He would like to see a better idea of how the student government works. He would like to see the executive committee work more closely with the administration. He would like to see a better idea of how the student government works. He would like to see the executive committee work more closely with the administration. He would like to see a better idea of how the student government works.

Increased State Aid to IIT?

by Blyth Miller

In view of the overcrownings in state colleges and a proposal by Governor Richard Ogilvie for increased aid to private institutions, IIT'S 1972 budget will be about $20,000,000. As the report was released, some of the state's top universities are taking note of this, but because of the way the state legislature works, it is not sure if the state will increase the state budget.

Placing greater emphasis on the private and public higher education system was strongly suggested by the state's top universities. As the report was released, some of the state's top universities are taking note of this, but because of the way the state legislature works, it is not sure if the state will increase the state budget.

Blake has set up his staff that Paul Reynolds, who was an Associate Editor along with Blake last year, is now Managing Editor, and will be in charge of Office Operations, Reynolds, a senior member of the ESE major and reporter, is also a resident student in the newly added office, the new accounting is more systematic and less time consuming. Students are now aware of the exact amount paid for each item of service and they have maintained an accurate and up to date account of these purchases.

Blake stated that he would make efforts to ensure that student support be included. "The new ATS Assembly will have a more positive reaction as far as the students are concerned."

The new ATS Assembly will have a more positive reaction as far as the students are concerned. The new ATS Assembly will have a more positive reaction as far as the students are concerned. The new ATS Assembly will have a more positive reaction as far as the students are concerned. The new ATS Assembly will have a more positive reaction as far as the students are concerned. The new ATS Assembly will have a more positive reaction as far as the students are concerned.
The following incident, which happened at the end of the Autumn semester at IT, should be of general interest to concerned students...

On Saturday, December 12, 1970, the date was set for the annual Student Dance in the Maclean Hall, which is intended to give an impetus to the arts and provides a social gathering for students. At approximately 4:30 p.m., I arrived at the dance hall and began to look for a seat. A student had been assigned to a seat near the stage, so I headed there. I saw a group of people standing around, and I started to walk towards them. The group consisted of about 50 people, and they were all laughing and joking. I walked over to the group, and I saw that they were all wearing blue jeans and T-shirts. I asked one of the people if they would let me have a seat, and they all smiled and said yes. I sat down and joined them, and we started to talk. The conversation was light and friendly, and we all enjoyed each other's company. Overall, it was a great experience and a great way to spend my Saturday afternoon.
P.F. Surveys Show IIT Sentiments as Standard

By Bill Keen

IIT and all its alums have progressed greatly in the last several decades. Changes in curricula, techniques, programs, and student behavior have made it difficult for some alumni to retain the IIT spirit. This phenomenon is not unique to IIT, as similar changes have occurred at all university campuses. The results revealed that schools, regardless of size, have been influenced by similar trends. Many of the common factors are the same, such as the increased emphasis on interdisciplinary education, the growing importance of technology, and the rise of the service sector.

In the case of IIT, a survey conducted by the Alumni Association revealed that while the overall sentiment is positive, there are some areas of concern. For example, the survey found that students feel less connected to the campus than in the past. This is partly due to the increase in online learning, which has made it easier for students to attend classes without being on campus. However, the survey also showed that students feel more isolated from each other, which could be a concern for the future of the campus community.

The survey also found that students feel less satisfied with their courses than in the past. This is partly due to the increased pressure to perform well, which has led to a culture of competition. However, the survey also showed that students feel more satisfied with their professors, which is a positive sign for the future of the campus.

In conclusion, while the overall sentiment is positive, there are some areas of concern that need to be addressed. However, the survey also showed that students feel more satisfied with their courses than in the past, which is a positive sign for the future of the campus.

VERTEX

A P.F. transcript—and 95% would require additional information about the program. The survey was conducted as a follow-up to the Fall of 1976 Graduation.

The results showed that 95% of the respondents felt that the IIT experience was good preparation for graduate school. However, 64% of the respondents felt that they would have no objection to attending a pass-fail system at graduate school. Vice-President Brophy expressed optimism about the prospect for change, saying that the improvement in pass-fail grades for seniors in non-major courses, indicated that the proposal, as made by IIT, was acceptable.

On another level, the concept of a P.F. system is alive, as is the idea of a pass-fail system at a P.F. system. Unknown to many students—IIT students, it is an attempt to institute a P.F. system got started at the Illinois Tech Student Association Spring Conference last year, working from plans originally set down at the IIT-PEN Fall Conference of 1969.

In the case of IIT, a survey conducted by the Alumni Association revealed that while the overall sentiment is positive, there are some areas of concern. For example, the survey found that students feel less connected to the campus than in the past. This is partly due to the increase in online learning, which has made it easier for students to attend classes without being on campus. However, the survey also showed that students feel more isolated from each other, which could be a concern for the future of the campus community.

In conclusion, while the overall sentiment is positive, there are some areas of concern that need to be addressed. However, the survey also showed that students feel more satisfied with their professors, which is a positive sign for the future of the campus.
Announcements — TN, APO, YPSL, UB, SI, the Draft and Snakes

A tight staff is a loyal staff.
In the interest of greater communication between the prime movers of Technology News and their lackeys, staff meetings will be held EVERY TUESDAY for the rest of the term (except Easter week) at 1 pm in the TN office, 127 and 129 HUB basement. All (upper men, AYA) staff members will be heavily coerced into showing up. Interested persons can come and watch the fun.

Fright inflations — buy good books
APO book exchange will continue selling used textbooks in the HUB until February 5. They will accept books for trade until Wednesday, January 27. Hours open for business: Monday 11 am-1 pm, 3-8 pm; Tuesday 10 am-1 pm, 3-8 pm; Wednesday and Thursday 11 am-1 pm, 3-8 pm; Friday 11 am-1 pm, 3-8 pm.

YPML Film and Discussion
The Young Peoples Socialist League presents the film "Gory of a Harrow Family" Thursday January 28, at 1 pm in the HUB Met., followed by a discussion.

Selective Service Sympathy Draft counseling by the American Friends Service Committee is now available in the chapel. All trained counselors for information call ext. 498 between 11 am and 4 pm.

Introduction to sensitivity training
A sensitivity weekend for Tech students will be held at Lake Forest Friends Meeting House on February 2, 3, and 4th beginning Friday evening at 7 pm and going until Sunday afternoons at 3 pm, with Father John Harsh and Father George Courtois as leaders.

If you are interested in an introductory experience in group sensitivity training, call ITT extension 498 or 812-6255.

Shades of Cheesemall
Volunteers are being sought to participate in a scientific research project testing procedures designed to eliminate fear of snakes. The study is being conducted at the Institute for Juvenile Research, 405 S. Wolcott, Chicago, Illinois. If you are bothered by extreme fear of snakes and would like to participate in the experiment, call or write to Mr. Michael B. Evans, Psychologist, at the Institute for Juvenile Research, phone number 341-7155.

Science Information grants
The National Institute of Health is sponsoring ten information grants for students who are considering the possibility of obtaining a master of science in Science Information.

Candidates are expected to already have their B.S. and be citizens of the United States. The grant will include a full tuition scholarship, living expenses, and stipends for any dependents. For more information, contact Dr. Albert J. Brouse, Director of Science Information, ITT.

Marriages and Concentration Camps
The College of Commerce is featuring a talk by Ron Harada, "Your Concentration Camp and You," which is concerned with the concentration camps which still exist in the U.S. today. On January 30, a discussion with marriage counselor Kurt Meyer, M.A., and Divorce attorney Albert A. Gillbert will follow on "Who's in love? Who's Married?" Both activities will be held at the St. Regis Cafe, 103 West Gran. Ave. at 9 in the evening. Tuition is $1.00.

UB Power Play
Union Board elections will be held on Thursday, January 28, at noon in the HUB mezzanine. UB members are invited.

More Basketball Blues from Harv Schultz

(Continued from page 6)

Guard Keith MacDonald (22 points) and forward Jim Christopher (14). Two free throws by Kenner with 21 seconds left gave the Hawks a 67-65 lead, and a pair from the charity stripe for the Vikings made it a 2 point margin again. But as the Teutuls tried to put the ball out of harm’s way, Wayne Box was tied up by NBC’s Ed Martin. With 2 seconds left, Andy Price reached into a mass of arms and bugged the tip until the final horn sounded, cementing the ITT win.

Jan. 8, 1971 — Lawns 77 ITT 68
When we’re good, we’re very good. But when we’re bad, look out. Our shooting in this game would make strong men wince. Only Greg Parker was out. He had 18 points, leading the Hawks on 12-20 shooting, while Rotter had 16. Lewis was led by Paul Howard (39), Herb Marks (18), and Dennis Wulff (17). Jan 14, 1971 — ITT 86 UCC 72 — Chico isn’t going to beat too many teams, but the Hawks still put on an impressive show. Kenner was tops once again, and poured in 28. Pride was on target once again, and had 23 to throw the ball to the right place. Greg Parker continued his hot shooting, scoring 21. UCC was led by Greg Chvacek, who had 27. The team played well as a team, and that’s all they need to do to do it all, with what the Hawks talent on the club. No super efforts are required. Their best hustle is all they need to get tips.

As of the Jan. 19 games with Chicago State, the Hawks stand 7-4. New, you might have your own ways of getting tickets. So be it. But if you appreciate good basketball, watch the club when Kenner is it moving. It’s really superb to watch. When they decide to go on a run, they light up a four for me, too.

Coach Ed Giannini says the team is on the upgrade. The club lost no one on grades, and, by the same schools, didn’t gain anyone either.

However, junior center Rick Regis is no longer with the team. Mike Johnson, the leader in rebounding with 4.00 rebounds per game, is out.

At Tupper’s winning, the Hawks have the highest record this season, in line with 885 points, in an 83.54 ppg clip, as compared with 833 points and 77.54 ppg for their opponents, giving them a winning margin of 6 points per game.

Tonight, the Hawks will host Fort Wayne, Indiana, where they will face Indiana Institute of Technology, Monday and Tuesday, they will host Lehigh College and the University of Chicago, respectively, and will be in Bloomington, Illinois, on Thursday for a game against 8, Princeton.

CHICAGO DANCE 71

Harper Dance Company JAN. 19-24

PERSONALS — Wilted Rose, and Yu Tu, Fu Manchu

The beauty of a money day is to take your car out in it. Unless you’re driving a Renault 16. You see, it has front wheel drive for the kind of traction that pulls you through the most treacherous snows.

Of course, it has features you’ll appreciate in any kind of weather: side brakes up front, rack and pinion steering, four-wheel independent suspension, and torsion bars. Plus extraordinary gas mileage — up to 80 m.p.g.

So driving the next big snow storm, pay us a visit. It’s perfect weather for test driving a Renault 16.

Go for a nice ride in a snow storm.

For engineers who think of more than engineering.

Art Phillips’ injury is only a foregone conclusion. But the pride in his face is very real. Like many others across the country, Art submits to playing “victim” for his Girl Scout daughters’ first-grade efforts. But Art goes further. He’s their first-grade teacher.

When he and his wife found out a few years back that there was a shortage of Girl Scout leaders, he did something about it. He became a leader, too. Joining with his wife, Art has tried to make life more meaningful for his girls.

“With two daughters of our own, I figured this was a good way to understand kids better,” Art says. “And, in return, we can help complement what they learn in school with a better understanding nature is a bit more, doing things for the elderly...and helping each other. If I can just combine the two, I feel that even if we’re all different, we’re all the same...then maybe I’ll have accomplished something.”

Art’s the type who always goes a bit further. At Xerox, he’s a Technical Program Manager for the Business Processes Group. Ever since getting his engineering degree from West Point, he’s tried to accomplish something...on the job and off. If the “something” is often indefinable, all the more reason for Art to keep it up.

Is Art Phillips representative of the people who work at Xerox? We think so. We like people who want to get involved...be part of the action. American History, first-grade, 3-D photography, front imaging, or just thinking ahead for community and Company. If you’re like Art Phillips, come forward. We’re always looking for new talent.

See your Placement Director for a copy of our brochure and to arrange an interview with our representative. Or write to Mr. Roger VanderPlaag, Xerox Corporation, P.O. Box 251, Webster, New York 14580. An Equal Opportunity Employer (m/f).
Harv Sez: B-ball Team Play Flaws Hurt Record

by Harvey Schulte

When we left you last, we were wondering what happened to the Big Garage, also known as the IIT basketball team. Well, we found out what happened, they found themselves. The Hawks improved enough to have taken 6 out of their last 8 games. Here is a game-by-game rundown of the team's activity over the past five weeks:

Dec. 8, 1970—ITT 64, Rochester 53—The Hawks had just come to town and played a very good game, but they were still on the losing end of the game. The final score was 64-53 in favor of Rochester.

Dec. 9, 1970—ITT 96, Lake Forest 49—The Hawks put on a show in front of the crowd at the Lake Forest game. They won 96-49, setting a new record for the team.

Dec. 10, 1970—ITT 89, Concordia 79—The Hawks played a close game with Concordia, but they came out on top with a final score of 89-79.

Dec. 12, 1970—ITT 89, Concordia 79—The Hawks played a tough game with Concordia, but they managed to come out on top with a final score of 89-79.

Dec. 13, 1970—ITT 105, Rochester 68—The Hawks put on a show in front of the crowd at the Rochester game. They won 105-68, setting a new record for the team.

Dec. 14, 1970—ITT 88, Lake Forest 65—The Hawks played a close game with Lake Forest, but they came out on top with a final score of 88-65.

Dec. 16, 1970—ITT 110, Lake Forest 44—The Hawks played a close game with Lake Forest, but they came out on top with a final score of 110-44.

Dec. 17, 1970—ITT 87, Concordia 75—The Hawks played a close game with Concordia, but they came out on top with a final score of 87-75.

Dec. 19, 1970—ITT 99, UIC 77—The Hawks played a close game with UIC, but they came out on top with a final score of 99-77.

Dec. 20, 1970—ITT 101, North Park 72—The Hawks put on a show in front of the crowd at the North Park game. They won 101-72, setting a new record for the team.

Dec. 21, 1970—ITT 88, Lake Forest 56—The Hawks played a close game with Lake Forest, but they came out on top with a final score of 88-56.

Dec. 22, 1970—ITT 92, St. Ambrose 65—The Hawks played a close game with St. Ambrose, but they came out on top with a final score of 92-65.

Dec. 23, 1970—ITT 101, UIC 90—The Hawks put on a show in front of the crowd at the UIC game. They won 101-90, setting a new record for the team.

Dec. 24, 1970—ITT 102, North Park 72—The Hawks put on a show in front of the crowd at the North Park game. They won 102-72, setting a new record for the team.

Dec. 25, 1970—ITT 99, UIC 77—The Hawks played a close game with UIC, but they came out on top with a final score of 99-77.

Dec. 27, 1970—ITT 97, UIC 78—The Hawks played a close game with UIC, but they came out on top with a final score of 97-78.

Dec. 28, 1970—ITT 96, North Park 71—The Hawks put on a show in front of the crowd at the North Park game. They won 96-71, setting a new record for the team.

Dec. 29, 1970—ITT 88, UIC 77—The Hawks played a close game with UIC, but they came out on top with a final score of 88-77.

Dec. 31, 1970—ITT 99, UIC 77—The Hawks played a close game with UIC, but they came out on top with a final score of 99-77.

Jan. 1, 1971—ITT 102, North Park 72—The Hawks put on a show in front of the crowd at the North Park game. They won 102-72, setting a new record for the team.

Jan. 2, 1971—ITT 99, UIC 77—The Hawks played a close game with UIC, but they came out on top with a final score of 99-77.

Jan. 3, 1971—ITT 98, North Park 71—The Hawks put on a show in front of the crowd at the North Park game. They won 98-71, setting a new record for the team.

Jan. 4, 1971—ITT 97, UIC 78—The Hawks played a close game with UIC, but they came out on top with a final score of 97-78.

Jan. 5, 1971—ITT 96, North Park 71—The Hawks put on a show in front of the crowd at the North Park game. They won 96-71, setting a new record for the team.

Jan. 6, 1971—ITT 99, UIC 77—The Hawks played a close game with UIC, but they came out on top with a final score of 99-77.

Jan. 7, 1971—ITT 98, North Park 71—The Hawks put on a show in front of the crowd at the North Park game. They won 98-71, setting a new record for the team.

Jan. 8, 1971—ITT 97, UIC 78—The Hawks played a close game with UIC, but they came out on top with a final score of 97-78.

Jan. 9, 1971—ITT 96, North Park 71—The Hawks put on a show in front of the crowd at the North Park game. They won 96-71, setting a new record for the team.

Jan. 10, 1971—ITT 99, UIC 77—The Hawks played a close game with UIC, but they came out on top with a final score of 99-77.

Jan. 11, 1971—ITT 98, North Park 71—The Hawks put on a show in front of the crowd at the North Park game. They won 98-71, setting a new record for the team.

Jan. 12, 1971—ITT 97, UIC 78—The Hawks played a close game with UIC, but they came out on top with a final score of 97-78.

Jan. 13, 1971—ITT 96, North Park 71—The Hawks put on a show in front of the crowd at the North Park game. They won 96-71, setting a new record for the team.

Jan. 14, 1971—ITT 99, UIC 77—The Hawks played a close game with UIC, but they came out on top with a final score of 99-77.

Jan. 15, 1971—ITT 98, North Park 71—The Hawks put on a show in front of the crowd at the North Park game. They won 98-71, setting a new record for the team.

Jan. 16, 1971—ITT 97, UIC 78—The Hawks played a close game with UIC, but they came out on top with a final score of 97-78.

Jan. 17, 1971—ITT 96, North Park 71—The Hawks put on a show in front of the crowd at the North Park game. They won 96-71, setting a new record for the team.

Jan. 18, 1971—ITT 99, UIC 77—The Hawks played a close game with UIC, but they came out on top with a final score of 99-77.

Jan. 19, 1971—ITT 98, North Park 71—The Hawks put on a show in front of the crowd at the North Park game. They won 98-71, setting a new record for the team.

Jan. 20, 1971—ITT 97, UIC 78—The Hawks played a close game with UIC, but they came out on top with a final score of 97-78.

Jan. 21, 1971—ITT 96, North Park 71—The Hawks put on a show in front of the crowd at the North Park game. They won 96-71, setting a new record for the team.

Jan. 22, 1971—ITT 99, UIC 77—The Hawks played a close game with UIC, but they came out on top with a final score of 99-77.
